Pfizer COVID-19 Booster Shots Now Available

The Centers for Disease Control and Prevention (CDC) announced last Friday that the Pfizer-BioNTech COVID-19 booster shot is now recommended for individuals who have been fully vaccinated for six months or more with the Pfizer-BioNTech vaccine.

In North Carolina, people who are 65 years or older, 18 years or older with [underlying medical conditions](#), or those who work in a high-risk settings, such as healthcare workers, teachers and childcare providers, or food workers are eligible for the booster shot. People are not required to go back to the location where they received their original vaccines—most COVID-19 vaccination locations can provide Pfizer boosters.

The Jackson County Department of Public Health will offer Pfizer-BioNTech COVID-19 booster shots on Thursday's and Friday's. To schedule a booster shot appointment please visit [vaccines.gov](https://www.vaccines.gov) and search for 28779 or call 828-587-8289.
