JCDPH SEEKS CUSTOMER AND COMMUNITY INPUT

The Jackson County Department of Public Health (JCDPH) is seeking input from both residents who have used our services (clinical, nutrition, environmental health, laboratory, and more) and residents who have thoughts on the health needs of Jackson County. With invaluable input from our community members, JCDPH is able to improve upon services and ensure that we are meeting the needs of our community. Please take a moment to give your input by visiting <http://health.jacksonnc.org/surveys>. For any questions on how the data gathered will be used, contact Anna Lippard at 828-587-8225.
